

You can make your very own Jerry the Gingerbread Man Ornament!

Materials:

1/2 cup Applesauce
1/2 cup Cinnamon
2 tablespoons white glue

Directions:

1. Mix the three ingredients together.
2. Roll out the dough on a flat surface to a desired thickness.
You might consider covering the surface in wax paper to keep the mess and stickiness to a minimum.
3. Use a cookie cutter or your own design to create Jerry the Gingerbread Man ornament.
4. Once you have shaped all the dough, poke a hole in the top with a pencil tip.
5. Let Jerry air dry for 1-3 days until they are very hard.
6. Put a string or ribbon through the hole to get him ready to hang on the tree. Decorate him as you wish!
